## **INTERNAL GROWTH ELEVATES 360 CONTROLS INTO UNITED IN TORONTO**

*Ayr, Ontario, Canada* -- The largest elevator show is about to hit Toronto, Ontario and 360 Controls is going to be in the spotlight. On September 25<sup>th</sup>-29<sup>th</sup>, United in Toronto 2005 is bringing together North America's four largest elevator organizations; National Association of Elevator Contractors (NAEC), Canadian Elevator Contractors Association (CECA), National Association Elevator Safety Authorities International (NAESA), and National Association of Vertical Transportation Professionals (NAVTP). All four organizations are using United in Toronto 2005 to host their annual meetings as well as the joint supplier exposition on Sept 28<sup>th</sup> & 29<sup>th</sup> will showcase the latest products available on the market.

360 Controls will be displaying the 3C-H Series Control System for all to see. The 3C-H Series Control System uses the latest technology to offer a 100% plug and play harness system which significantly minimizes the installation time of the system. 360 Controls has achieved ASME A17.1 – 2004 Code Compliance through the prestigious 3<sup>rd</sup> party organization; Technical Standards and Safety Authority (TSSA). They will be showing a working demonstration of the control system with all the advanced features that it has to offer. 360 Controls will stand alone in Toronto with their technology and safety consideration that are unsurpassed in the industry.

## **ARE YOU READY TO BE 360 COMPLIANT?**

Come by Booth #107 at United in Toronto 2005 to find out how to become 360 Compliant and gain a whole new level of control in the elevator industry.

## **GOING UP?... 360 CONTROLS ACQUIRES NEW TALENT**

To aid in the continued growth of the company, Patrick Coulas has joined 360 Controls as a Technical Support Representative. Patrick comes on board with over 10 years experience as a Mechanical Technologist and holds a Mechanical Technology Diploma from Conestoga College. He brings a strong background in Technical Sales, Technical Support and Mechanical Design to the company. 360 Controls continues to develop and strengthen its personnel in every department. Patrick will play a major role in the excellent technical support that 360 Controls brings to its growing customer base.

From all of the employees at 360 Controls, Welcome to the team Patrick!
